DIFFERENCE OF OPINION

EXISTS BETWEEN FRIENDS OF RATE BILL.

Division Over Question Whether Rate Made Shall be Suspended Pending Court Decision—In the House—Other News.

Washington, March 7.—There still is a sharp difference of opinion between the supposed friends of the Dilliver-Hopburn railroad rate bill made decidedly manifest to day in the senate. Division is over the question whether the rate made by the interstate commerce commission shall be suspended by courts pending final adjudication and was brought to the surface in a brief debate which followed a set speech by Clapp in support of the bill. In reply to a question by Tillman, Clapp expressed doubt as to the power to legislate so as to enforce the penalties proposed by the bill pending a review of any given finding by the courts.

Tillman and Bailey took sharp issue with this statement. The former expressed the opinion that the issue is a vital one and declared that if an order of the commission is not to be maintained until final judicial settlement in a case is reached, it will be necessary to reform the courts. Bailey also contended that congress can legislate as to maintain the commission's rate until a final order of the court is issued and prevent interlocutory orders suspending such rates.

During the day there were two speeches on the rate bill, one by Clapp in support of it, and another by Scott practically in opposition. The remainder of the day was devoted to the statehood bill and Perkins and Spooner spoke in opposition to that bill as it stands.

HOUSE.

With six set speeches and permission to print two others in the record without delivery, no two of which were on the same subject, the house to day closed the general debate on the Indian appropriation bill and to morrow will take that measure up for amendment. Burke of South Dakota, told of the prosperous condition of Indians in their capacity as wards of the government and in their advancement in civilization. Killie of Pennsylvania, discussed reforms in the fiscal system, advocating more liberality in the loan restriction on national banks; Brantley of Georgia, spoke against federal licenses for pilots, as provided in the pending legislation. Haugen of Iowa, argued in opposition to establishing a parcels post. Gardner of Massachusetts, gave reasons why immigration should be restricted and made the assertion that two-thirds of the male immigrants come here under labor contracts. Gainer of Tennessee, defended Henry Clay from this charge of being a stand patter, made, he said, by Lacey yesterday.

CAPITAL NOTES.

The house on judiciary decided to continue hearings on the Dilliver-Hopburn liquor bill on March 16 for five days. The hearings will be confined to members of the house and senate.

The house committee on judiciary authorized a favorable report upon the Jenkins bill granting the government right of appeal in criminal cases.

Representatives James of Kentucky and Gillespie of Texas, members of the house committee on banking and currency, submitted a minority report on the bill favorably reported by the committee to authorize national banks to lend 10 per cent of their paid up capital and surplus to borrowers. The minority members dissent that it is not in the interest of the public to allow banks to have a limited number of borrowers.

W. E. Bainbridge of Iowa, who recently declined the consulship to Amoy, China, has been selected by Secretary Shaw to be special agent of the customs service at Paris, succeeding Maj. William H. Williams, who will be sent to another post.

Senator Stone introduced a bill increasing the pensions of survivors of the Mexican war from \$12 to \$20 per month.

CUSTOMS REGULATIONS. The treasury department to day published amended customs regulations that will govern government agents abroad in determining values, and in consulting invoices of goods to be exported to the United States. These changes are in the form of concessions made to Germany for her recent action in continuing to allow minimum rates of duty on goods shipped into that country from the United States.

POLICE PROJECT

Comes Up Before Moroccan Conference Today.

Algiers, Spain, March 7.—The French police project was distributed this evening among delegates to the conference on Moroccan reforms. This proposition, which will be presented to the conference to morrow, consists of five paragraphs, the substance of which is:

"The Moroccan police to be constituted for three years, composed of Moorish Muslims, commanded by sixteen

French and Spanish officers and thirty-two non-commissioned officers. The force to consist of 2,000 to 2,500 men, to be distributed among eight ports in bodies of 200 to 500. The state bank to advance funds for the administration and payment of the force."

No mention is made of international supervision and the project, therefore, is practically the same as was outlined in Vevoll's declaration Monday.

The result of to morrow's sitting of the conference is awaited with the most intense interest. Reports relative to the probability of an agreement are circulated on all sides. Conciliation certainly is in the air and continued efforts in that direction are going on, but a tangible basis for possible arrangement cannot be learned. The German delegates do not display any outward sign of making concessions, while France's latest utterance is indisputably opposed to further concessions. Neutral delegates are quite optimistic relative to an arrangement of differences at the last moment.

TO MAKE REDUCTIONS

Railroads Decide to Reduce Transportation Charges—Warned by Agitation.

Chicago, March 7.—Warned by the agitation for governmental control of rates, railroad officials, according to the Chicago Herald, have decided to make voluntary reductions in transportation charges amounting in the aggregate to many millions of dollars annually. The proposed reductions are to be made in all six classes into which freight is divided, and will be effective in the entire territory between the Atlantic seaboard and the Missouri river. In general the reductions will amount approximately to 15 per cent. Another conference has been called for next Tuesday at which will be present all important jobbers in Missouri river territory. It is now planned, after the conference with the jobbers, to determine on a proper basis of rates from the seaboard to the Missouri river and then to make corresponding reductions in rates from Chicago to the Missouri river and from the Mississippi to the Missouri river. When this is accomplished, it is stated, reductions will undoubtedly follow in the rates from New York to Chicago.

RECEIVED BY EMPEROR

St. Petersburg, March 7.—Emperor Nicholas to day received Lieutenant General Linewich, former commander in chief of the army in Manchuria, at Tsarkoe Selo.

WORTH THE MONEY.

Lawyer—So you took \$1,019 in cash from this woman and promised to make her "queen of the heavens." Don't you think that was extortion?

Spirit Medium—Not at all, sir. Think of the position!—Detroit Free Press.

WOMAN'S WANTS.

Squilligan—Well, my wife doesn't want the ear, but she certainly does want the "dust" every day night.—New York Press.

THE KIND IT WAS.

Mrs. Askit—I heard you had a surprise party at your house yesterday.

Mrs. Tellit (absently)—Yes; my husband gave me \$10 without my asking for it.—San Francisco Call.

CONCLUDED ITS SESSIONS

CONFERENCE OF REFORMERS ADJOURNS.

Day Occupied with Discussion of Election Laws of Many States—Resolutions Adopted by Conference.

New York, March 7.—The national conference for reform of primary and election laws concluded its sessions to day. The conference to day was given over to discussion of a wide range, election laws of many states serving as subjects. A resolution was adopted creating a permanent department of national civic federation to take jurisdiction of the subjects which the conference was called to consider. Another resolution adopted reads:

"Resolved, That experience shows existing provisions of the criminal law against purchase of votes are inadequate; that for proper control of corrupt practices, legislation should include the publication of all contributions, the prohibition of political contributions by corporations, disqualification of contributors, provisions for judicial inquiry into election practices, and existence of corrupt practices, in which proceedings any citizen may participate; punishment of corrupt practices by further penalties, such as disfranchisement or disqualification for office, in addition to the fine or imprisonment."

The conference declined to adopt a resolution declaring for direct nominations through a primary system, referring the matter by a vote of 16 to 11 to the civic federation.

HYDROPHOBIA VICTIM DIES.

Fort Worth, Texas, March 7.—Andrew Singleton is dead at his home in Navarro county, of hydrophobia. He was bitten by a rabid dog several weeks ago and took the Pasteur treatment at the state institute at Austin. After he returned home he began to develop symptoms of the disease, which soon developed into convulsions. He begged that his sufferings be relieved in some manner, but nothing could be done for him except to use physical force to prevent him from doing harm to himself and his attendants. He died in great agony.

REMOVED FROM OFFICE.

Washington, March 7.—President Roosevelt to day removed from office Horace Speed, United States district attorney for Oklahoma, as the result of charges preferred against him. These charges were to the effect that he had entered into a contract with a certain county commissioner to render legal service and that he had paid improperly to that commissioner certain sums of money in connection with that employment.

CHARLES SCHWAB CRITICALLY ILL.

New York, March 7.—Passenger Traffic Manager John Sebastian of the Rock Island railroad, wired the officials of his road here at 1:30 o'clock this afternoon, that the latest report he had regarding the condition of Charles M. Schwab was that he was very low, on leaving El Paso, and was not expected to live through the night.

ANTI-TRUST LAW

Violated by Elevator Concerns—Federal Suit Entered.

Washington, March 7.—A federal suit was entered in San Francisco to day against thirty-one elevator concerns, including the Otis Elevator company, on a charge of violating the anti-trust law. Attorney General only made a statement in which he said that the defendants "have entered into a combination among themselves to control and enhance prices at which elevators are sold; that in order to make the combination effective the Otis Elevator company has acquired the whole or majority interest in the businesses of all other defendants, the said defendants are still being operated as apparently separate and independent concerns; that when an inquiry is received from a customer by any of the defendants it is immediately referred to the Otis company and if there is no outside competition, that company designates the concern which is to get the business, fixes excessive and extortionate prices to be charged, and directs other companies to submit bids, apparently in good faith, but higher than the bid of the company which has been designated to receive the contract; that if outside competition does appear, one of these subsidiary companies is directed to take the contract at a loss, in order to freeze out competitors."

COUNTESS BLUFFS, ILL.

Trans-Mississippi elevator just built by the Trans-Mississippi Grain company of Omaha, was partially burned this afternoon. The loss is \$80,000.

DEATHS.

Leavenworth, Kans., March 7.—H. A. Naber, a wealthy breeder of fine cattle, is dead, aged 75 years.

YATES CANCELS ENGAGEMENTS

Will Not Speak More Saturday, March, 17—Will Be Here Later—Trouble With His Throat.

Springfield, March 7. (Special.) Former Governor Yates has been compelled to cancel his meetings for Tuesday, Wednesday, Thursday and Saturday of next week owing to the condition of his throat. He will fill his engagement to speak in the opera house in this city on Friday evening, March 16, however.

The meetings which will be cancelled will be those at Amberg, Mendota and LaSalle on Tuesday, March 13; at Utica, Marshall and Ottawa on Wednesday, March 14; at Streator and Bureau on Thursday, March 15, and at Petersburg and Jacksonville on Saturday, March 17.

He will fill his engagements at Rockville, Dixon and Sterling on Monday, March 12, and at Lincoln, Carlinville and Springfield on Friday, March 16. All of the cancelled meetings will be held later, and previous to commencing his campaign in Chicago.

OBJECT TO "CLANSMAN."

Quincy, March 7.—The remonstrance against the presentation here of the play, "The Clansman," which was gotten up by Rev. W. H. Giles, of the African M. E. church, and Rev. T. L. Smith, of the African Baptist church, and signed by a number of colored church people, also by the following white pastors: Rev. V. Meigs, Rev. John Brennan, Rev. W. M. Jordan, Rev. Edwin M. Cline, Rev. J. W. Miller, Rev. Edward P. Schueler, Rev. J. C. Kramer, Rev. W. H. Moore, Rev. Joseph Still, Rev. Andrew Buetzkuehn, Rev. Anselm Mueller, Rev. William Schluhman, Rev. James Robert Smith and Rev. J. P. Kerr, and which was presented to Mayor Steinbach Tuesday, failed to call forth any expression or action on the part of the city's chief executive. Mayor Steinbach left the city for Omaha Tuesday evening and the exact hour of his return is not known. He may get back to night, to morrow, and possibly not until after the show has been given here.

GOLF TOURNAMENT

Dates for Contests Set and Rules Governing Play.

Chicago, March 7.—The scope of the western amateur golf championship tournament, to be decided this year at the Glen Echo Country club in St. Louis, was to day broadened so that any team participating in the olympian team cup championship is eligible to compete for the western amateur championship. Heretofore the western amateur championship tournament has been confined to clubs which were members of the Western Golf association, but as the olympian team cup championship is open to any team representing any recognized golf club in either the United States or Canada, the changes in rules governing play for the cup makes the western amateur tournament practically a national affair.

June 19-23 were the dates selected for the amateur tournament, and June 18 for the olympian cup championship. The open championship will be decided June 14 and 15 at Homewood.

COURT SANCTIONS "CLOSED SHOP."

New York, March 7.—In deciding against three non-union employers of the United States Printing company of Ohio, who sought to restrain the concern from entering into a working pact with the Stereotype and Electrotypes unions which would exclude free labor, Judge Marean of the supreme court of Brooklyn yesterday gave judicial sanction to the "closed shop" principle. An immediate appeal to the appellate division of the supreme court will be taken and if Judge Marean is sustained, labor leaders said yesterday, it will be a notable victory.

MURDER WITNESS DIES.

Boston, March 7.—John Harris Peter, one of the witnesses against Dr. Percy McLeod in the Querry dress suit case murder mystery, died yesterday of a broken heart and a general collapse brought on by worry over the publicity attending his connection with the case.

MURDERER BREAKS JAIL.

Townson, Md., March 7.—Isaac Winder, colored, under sentence to be hanged on March 20 for the murder of Frederick T. Rhinehart, keeper of a jail gate near here, has escaped from jail. If caught the man may be lynched.

COSTLY LEG.

Denton, Texas, March 7.—In the district court to day a jury returned a verdict in the case of J. L. Seruggs vs. the Missouri, Kansas & Texas railroad, awarding the plaintiff damages in the sum of \$26,655 for personal injuries. Seruggs was run over by a switch engine and lost his right leg.

CHARGED WITH WIFE MURDER.

Bluefield, W. Va., March 7.—William Dierlins is in jail at Tazewell, W. Va., charged with brutally murdering his wife in Cedar Bluff.

CANYON CITY, CO.

March 7.—James McQuinn attempted to hold up a saloon and was killed by the proprietor.

ROUVIER IS TURNED DOWN

MINISTRY DEFEATED BY FRENCH DEPUTIES.

After Exciting Debate Relative to Church Inventories—Present Their Resignations to President of Republic.

Paris, March 7.—After an exciting debate in deputies relative to church inventories which lasted until late this evening, the Rouvier ministry was defeated by a vote of 251 against 231. The ministry decided to offer its resignation to President Fallieres.

President Fallieres accepted the resignation and announced his intention of consulting the presidents of the senate and house of deputies to morrow relative to the formation of a new cabinet.

The debate in deputies was upon the inventory of a church in Bessèpe resulting in the death of a man. Various orators severely criticized the government's course, asserting it threatened to precipitate religious warfare.

Premier Rouvier responded: "The government has a duty to apply laws. It will apply them without weakness but also with prudence, tact and wisdom consistent with public tranquility. I ask the adoption of the resolution approving these declarations of the government."

The resolution was thereupon put to a vote and defeated. The vote was more expressive of personal antagonism to the ministry than of opposition to church inventories. The cabinet crisis comes at a most dramatic moment when the Franco-German contest has reached a decisive stage, and may exert an important adverse influence on the Algerian conference and on European affairs.

Prior to the cabinet crisis the Franco-German controversy over Moroccan control seemed to be in the balance with an inclination strongly toward agreement. All dependent upon Berlin's last word. If this was a frank concession of Franco-Spanish policy, without impossible conditions, then the agreement was assured, but if the concession involved further conditions France, whose pride was already much aroused, was prepared to reject it. The foreign office to day stated the situation as follows:

"The reported German concession has not been communicated to us and we are therefore unable to definitely state what action may be taken thereon. One thing, however, can be stated with absolute positiveness, namely: If the German concession on the police question is conditioned upon international supervision it will not be accepted."

This statement preceded the cabinet crisis. After that event no one was able to indicate the course of the government.

MISGIVINGS.

Berlin, March 7.—The fall of French Premier Rouvier awakens certain misgivings here lest it should lead to resumption of the foreign policy of Delcasse. It is pointed out that the majority against Rouvier was composed chiefly of nationalists who denounced as unreasonable the attitude of the element whose opposition to Delcasse led to his resignation. Much curiosity and some anxiety is indulged in respecting the effect of the change in government upon the Algerian conference and it is feared fresh complications will follow, or that there will be a period of uncertainty and delay in the proceedings.

SENATOR CLAPP

Presents Issues in Rate Bill Controversy Before Senate in Speech Supporting Measure.

Washington, March 7.—The issues involved in the controversy over the pending railroad rate bill were squarely presented to the senate to day in a speech by Senator Clapp, one of the Republicans supporting the measure without amendment, and by resultant remarks from Bailey and Tillman, who are supposed to represent the views of Democrats. Discussion of these speeches later by senators on both sides of the chamber developed a new phase of the situation. Aldrich, Foraker, Crane and other Republicans seeking to amend the bill so as to provide for judicial review of orders of the interstate commerce commission, took the position that discussion of the subject demonstrated that friends of the measure are divided and that the bill should not be accepted in its present form. They said they were encouraged in the position they had taken from the first and declared that when the bill is brought to a vote they will have supporters enough to adopt the court review feature.

Discussing what he viewed as the wavering supposed friends of the Hepburn bill, Aldrich declared: "Of this much I am certain. We have our end of the schooner firmly anchored and if we go down it will be with flying colors."

Bailey took the position an order of the commission should continue in effect

WILL MAKE NO CONCESSIONS

DECISION OF ILLINOIS COAL OPERATORS.

Willing to Face Threatened Strike Rather Than Grant Demands of Miners—Petition of Philadelphia Retailers.

Chicago, March 7.—No concessions will be made by the Illinois Coal Operators' association to the United Mine Workers' union which is seeking increased pay for its members. This was decided upon to day at an executive meeting of the operators, who adopted a resolution declaring their willingness to face the threatened strike of April 1 rather than grant the demands of the miners. The meeting was called for the purpose of considering the call made for a joint meeting of operators of Illinois, Indiana, Ohio and western Pennsylvania at Indianapolis this month in an effort to make a second attempt in joint conference with the miners to formulate a scale of wages and conditions of labor for the year ending March 31, 1907.

Besides declaring against an increase of wages, the resolutions demand a clause be inserted in the contract with the miners that "operators be indemnified by the miners for loss sustained by reason of miners being thrown idle in violation of existing agreements when strikes occur in Illinois, owing to controversy over the shutters law." Another clause demands to the effect "that such contract be based upon existing mining laws and should laws be enacted during the term of the contract affecting the operating cost of production, the mining rate should be increased or decreased so as to maintain proper equity of such contract during its existence."

PHILADELPHIA RETAILERS.

Philadelphia, Pa., March 7.—The retail coal dealers of Philadelphia will petition operators and coal carrying roads to come to an amicable settlement with anthracite miners before the expiration of the strike commission award, April 1st. This action was decided upon at a meeting of the Philadelphia coal exchange and a committee appointed for the purpose has prepared the resolution, copies of which are to be forwarded to officials of all railroads and mining companies, as well as to the Coal Miners' association.

The resolutions recite injury to business and to coal consumers likely to follow a strike and urge both miners and operators to resort to arbitration rather than to proceed to extreme measures.

BACK FROM EUROPE

Andrew Hamilton, of Insurance Fame, Arrives in New York.

New York, March 7.—Judge Andrew Hamilton, who is wanted to explain the use of the \$1,200,000 legislative fund of the New York Life Insurance company, has returned to New York, arriving yesterday on the steamer Deutschland. He traveled under an assumed name, "H. A. Milton," and his return was a complete surprise to every one, even to high officials of the New York Life. His own family did not know about it until they received a message from Cannes saying that he would arrive in New York Tuesday.

The news was published this afternoon in one evening paper, and it is believed many prominent citizens in New York state did not entirely enjoy their dinner to night. Hamilton says he has come back to face the music. He stated frankly that the immediate cause of his return was that District Attorney Jerome was about to start criminal proceedings against some one or other in the management of the New York Life.

Hamilton, who has been under medical treatment in different parts of Europe for about nine months, boarded the steamer at Genoa. He changed the first two letters in his family name into initials and registered as "H. A. Milton." The steamer company helped him out by getting it wrong, calling him on the passenger list "W. Milton."

OPPOSE HARD ROADS.

Springfield, March 7.—The state highway commission held a meeting this afternoon. The Illinois state farmers' institute protested against the plan for hard roads, alleging that the present dirt roads of Illinois, properly worked, would prove as satisfactory as a stone road.

INSANE WOMAN SUICIDES.

Kankakee, Ill., March 7.—Mrs. Margaret Hickey of Urbana, aged 60, who was committed to the Illinois Eastern Hospital for the insane two weeks ago, to day eluded her attendants and committed suicide by hanging herself to a window bar with her stockings.

"ANTI-GAMBLING ISSUE."

Sioux City, Iowa, March 7.—P. A. Sawyer, attorney, was nominated for mayor by the Republican city convention this afternoon. He is pledged to suppress gambling and will make this the leading issue.

AFTER COALING STATION.

London March 7.—According to the Chronicle's correspondent, a struggle is proceeding at Constantinople between the British and German ambassadors over an attempt by Germany to secure the concession of a coaling station on the island of Thasos, which Great Britain is trying to defeat.

THREE MEN SHOT.

Bogota, Colombia, Tuesday, March 6.—Three men, who, on Feb. 10, attempted to assassinate General Reyes, president of Colombia, were shot to day on the spot where the attack took place. Complete calm prevails throughout the republic.

BOWLING RECORDS

Chicago, March 7.—Three world's records were broken in one series of games by the Chicago Bowling league to night, the greatest feat ever accomplished on bowling alleys in this country. The Howards rolled 127 in their second game against the West Chicago—the first 1200 total on record for a five-man team—and with 105 and 100 in their two other games averaged 121 flat, the first time 100 has been touched for three games. The other new record was an average of 261.3 registered by Ray Skolke, who had scores of 227, 270 and 278.

The previous best mark for high team games was 116, while the team average record stood 103. The best individual performances for three games before was 260 flat. The records were made in regular league tournament play and will stand as world's records.

ADMITS HIS GUILT

Confesses to Participation in Forgery of Pay Checks.

Chicago, March 7.—Louis Longpro was arrested Tuesday in the office of the Western Bank Note company, where he has been employed as an engraver, charged with being the principal in the recent \$18,000 forgery of Illinois Steel company pay checks. Longpro's wife also is held. Longpro protested innocence, but after being identified by a number of merchants of South Chicago, the police say he confessed that he made the plate from which the checks were printed and that he assisted in cashing them among the South Chicago merchants. He refused, however, to say where the plate was concealed.

FIRE LOSSES.

Chicago, March 7.—Fire to day destroyed the coaling station of the Chicago & Alton railroad in this city and threatened two round houses and hundreds of loaded coal cars. As a result of the fire it will be necessary to temporarily coal railroad engines by hand. The damage to the station is \$50,000.

KILLED IN COLLISION.

Saratoga, N. Y., March 7.—A rear end collision on the Delaware & Hudson railroad here to day resulted in one death and severe injuries to several passengers. Miss Edmund, aged 16, of Gansevoort, was instantly killed. Her mother, Mrs. Charles Edmund, was fatally injured.

RHEUMATISM THE TERROR OF WINTER

Rheumatism is usually worse in winter because of the cold and dampness and other changed conditions of the climate. The occasional twinges of the disease that are felt during the warmer weather are charged to piercing pains, the muscles become inflamed and swollen, the nerves get sore and excited, the bones ache, and Rheumatism, the terror of winter, takes possession of the system. Then the sufferer turns to the liniment bottle, the woolen clothes, the favorite plaster or some home remedy, in an effort to get relief. But Rheumatism is not a trouble that can be rubbed away or drawn out with a plaster; these things relieve the pain and reduce the inflammation, but do not reach the real cause of the trouble, and at the next exposure another attack comes on. Rheumatism is caused by a sour, acid condition of the blood. The refuse matter and bodily impurities which should be carried off through the channels of nature have been left in the system because of indigestion, weak kidneys, torpid liver and a general sluggish condition of the system. These impurities sour and form uric acid, which is absorbed by the blood, and distributed to the different muscles, joints, nerves and bones, causing the painful symptoms of Rheumatism. S. S. S. goes to the root of the trouble and cures Rheumatism by cleansing the blood, it neutralizes the acids and filters them out of the circulation and sends a stream of pure, rich blood to all parts of the body. Then the pains cease, the inflammation subsides, the nerves are quieted, every symptom of the disease passes away, and the cure is permanent. S. S. S. is purely vegetable and does not injure the system as do those medicines containing Potash and other minerals. Book on Rheumatism and medical advice without charge.

SOUSA'S BAND

MATINEE PERFORMANCE
GIVEN AT GRAND OPERA
HOUSE.

Enthusiasm of Large Audience
Marked—Soloists Received
With Favor—Interview With
Famous Conductor.

John Philip Sousa and his great band were here Wednesday afternoon and gave a matinee performance at the Grand. Barring the first three rows of the parquet the house was sold out and there were many women and children in the gallery. It was a typical Sousa program that was presented and the premier conductor was liberal in the matter of encores. The numbers were given with that esprit de corps for which this great bandmaster is famous. Heartily applause rang out from pit to dome at the conclusion of each selection and after a gracious acknowledgement the baton would wave and an old time favorite would be given.

Sousa's style of conducting is unique in that it is never boisterous and his graceful presence gives to his direction a charm that is magical and captivating. During the playing of "The Diplomat" there was the pendulum motion to his arms that was witnessed for the first time in the program and this particular swing of the arms of this great conductor has been termed by critics the Sousa trademark. To an auditor it might appear that this was simply an abandon motion on the part of the leader and that his musicians were given carte blanche, but such a supposition is entirely erroneous as Sousa declared to the interviewer after the concert that he was doing the most conducting when the "Sousa trademark" method of directing was being employed. "The Stars and Stripes Forever" played as an encore to the seventh number received the ovation the selection deserved.

The score written for the snare drums in the Sousa suite number is a most remarkable piece of musical composition and made a decidedly favorable impression on the audience. It was a great number throughout. Two accomplished soloists accompanied the band. They are Miss Jennette Powers, of Decatur, the daughter of George Powers, formerly of this city, whose interpretation of the violin marks her as an artist of first rank. Her tone is excellent and she has skillful execution combined with rare temperamental power. Miss Powers was born in Jacksonville in the house on West State street, now occupied by Dr. Norbury as a residence.

Miss Elizabeth Schiller is the violinist that accompanies the band on its present tour and it was a delight to many to hear again her pure "white" voice which pleased so many last spring when she appeared at Westminster church under Conservatory auspices. Her singing was received with marked favor.

Both soloists responded to the insistent demands for encores. Sousa and his band are enroute of America for the 28th time. The organization is fourteen years old and previous to his organization of the band Sousa was for twelve years leader of the Marine band at Washington, D. C., his native city. His musical education was received under the tutelage of John Esputa and George Felix Benhart, both of whom are deceased. He spoke feelingly of his debt to the personal interest of these musicians and it is understood that he never refers to them except to sound their praises. He has taken his band in fifteen different countries and is planning a trip to Australia for next year, which, if carried to execution, will also mean a tour of some portion of the Orient. It is also likely that he will visit Japan and the Philippines. His band numbers sixty picked musicians. There are three members that have played under his direction for twenty years and ten men are with him who were members of the original band organized fourteen years ago.

Among the famous cornetists that have been with Sousa may be mentioned Liberator, Arthur Smith, George Petty, Walter Rogers, Keenecke, Herman Belsted and our own Frank Martin, of Juvenile band fame (now of New York), was with him as solo cornetist for one season, sharing the solo work with another player of equal ability. Clarke, the present cornet soloist, is regarded as one of the greatest players on that instrument now living and his work Wednesday afternoon was certainly marvelous and received hearty commendation.

Sousa has written 100 marches and 300 musical compositions all told. He has written nine operas and a new opera, "King for a Day," libretto by Henry A. Smith, will be presented for the initial time March 26 in Springfield, Mass. Later the opera will be taken to Philadelphia and New York.

The band went from here to Springfield in a special train, which departed at 5 o'clock.

Regarding the nationality of Sousa speculation has been rife, but the following answer to a query submitted to the Ladies' Home Journal and by that publication submitted to Sousa himself would seem to set at

rest all further discussion of the subject:

"I was born in Sousa; I have lived in Sousa and I will die a Sousa. I am the son of Antonio and Elizabeth Sousa and first saw the light on G Street, Southeast, Washington District of Columbia, sixth of November, 1854. My father's family is one of the most illustrious in Portuguese history, and I have every reason to believe that the name Sousa was known in America shortly after 1500. There have been various ingenious stories woven around my name, but they have been barren in truth.

FEEL THEY CAN WIN.

Richard Yates has changed his plan of campaign, and in the change is something which indicates that he and his followers have come to the conclusion he has a good fighting chance to win in the coming primaries. As a proposition in fighting tactics, the change is unquestionably a good move, is according to Doyle.

Mr. Yates will not waste time in the counties in which he is strong. Many counties in the state will not hear from him before the primaries, though his citizens will be permitted to read his speeches. Mr. Yates will devote more time to certain counties in which Senator Cullom is thought to be strong.

We learn, for instance, that six speeches are set down for LaSalle county and as many for Kane. Cullom is a heavyweight in those ballistics and Yates hopes to turn the tables by making six talks in each county. In some neighborhoods he will do a whirlwind campaign.

A look at Mr. Yates' dance card discovers the fact that Macon county is put down for but one little turn, and that a half one in fact. He will be here one evening only, giving the day to a neighboring county. This is just a delicate way the Yates people have of saying they do not regard Senator Cullom as strong in Macon county. We did not know that local Manager Judge J. M. Lee had that grim joke in him—Decatur Review.

THE LITTLE GRAY LADY—SATURDAY NIGHT.

Mr. James K. Hackett's production of Channing Pollock's captivating love play, "The Little Gray Lady," is undoubtedly one of the positive successes of the season and is a most pertinent indication of the growing favor with American people of American plays dealing with simple American subjects, with strong love and heart interest and written in a simple and direct manner by an American dramatist. It is a most encouraging sign when a review of the season shows that the two great positive successes, "The Lie and the Mouse" and "The Little Gray Lady," are by young men from whom we may expect to hear in the future. Seats on sale to day.

WHY IT SUCCEEDS

Because it's for One Thing Only

and Jacksonville is Learning This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing well. They cure backache, every kidney ill. Here is Jacksonville evidence to prove it:

John Fenton, employed with Arthur Jordan, poultry and produce business on North Main street, says: "I was taken with an attack of acute pain through my back and kidneys. I could not stoop, and in fact, became so bad that I could not work or hardly move around. A friend advised me to try Doan's Kidney Pills and I procured a box at Dr. H. Leo Hatch's drug store. The results obtained were simply magical. In a short time my back was strengthened, the pain disappeared and I was as well as ever."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no other.

IF WE KNOW HOW.

The cooking wizard at the exhibition at Johnson, Hackett & Guthrie's baked a large sponge cake which looked just like any other sponge cake. It was one sixteen or eighteen inches square and about three inches thick. He laid a clean board on the floor and a clean paper on that and the cake on that. He laid a clean paper over the cake, a clean board or two over that and a long plank over that. Then he invited twenty people to stand on the board which made their whole weight come down on the cake which was pressed to a thickness of a little more than half an inch. He took it, looked wise at it, shaved off the outer edges, put it in the oven a few minutes, took it out and giving it a scientific toss it was found to be as light as ever, and cutting it into blocks he passed it around for eating. One piece he pressed in his hand until it was half an inch thick but it came right up again and tasted all right. He said it was all in knowing how to prepare the cake for baking and certainly there was no sleight of hand for the crowd right around him was too great to admit of an exchange of cakes.

MISSIONARY SOCIETY.

The Woman's Foreign Missionary society of Brooklyn church met at the home of Mrs. G. D. Pocock Wednesday afternoon. The regular monthly birthday social was held at the same time. The Decatur Review says: "Game Warden W. W. Foster has given out fifty pairs of Alabama quail that were sent him by the state game commissioner. They were given to nearly fifty different farmers in this vicinity and every farmer who received a pair has promised to protect the quail, build shelters for them and feed them."

"Farmers all over the country are in favor of protecting the quail and there are few farmers who will permit hunting on their farms. In a few years it is expected that quail will be plentiful in Macon county again. Mr. Foster has now given out all the Alabama quail that were sent him."

"C. J. Albert, of near Warrensburg, was in the city Sunday and got from Game Warden Foster half a dozen Alabama quail and will plant them on his farm and protect them. Mr. Albert says that the farmers for three miles in every direction from him have pledged themselves to prohibit hunting on their farms and will do everything possible to protect the quail."

MONUMENT COMPLETED.

Springfield, Ill., March 7.—Gen. James S. Culver and his force of workmen who have been building a great monument at Vicksburg battlefield in honor of the Illinois troops who participated in the siege and capture of Vicksburg, and also regimental markers, returned to Springfield yesterday, the work having been completed.

General Culver says the Vicksburg battlefield commission has not decided on the date for the dedication of the monuments, but the ceremony will probably take place next November.

The Chicago & Alton will sell round trip tickets, Jacksonville to Los Angeles for \$57.55, also via Portland for \$70.05 April 25 to May 5. Final limit July 31. For further particulars call on or address H. E. Paul.

THE SECRET OF SUCCESS.

When a man starts in a business enterprise, his reputation for honesty and reliability must be established before he wins the confidence of his fellow men, which is essential to any business. This is the secret of the success of Chamberlain's Cough Remedy. It has a reputation of over thirty years' standing, of doing exactly what the manufacturers claim for it, and every bottle is sold under a positive guarantee.

It is claimed that at the stock yards the pickers use every part of the animal but the squeal. They appear to have a place to utilize even that, now that they are on trial.

MEXICO.

INTERESTING COMMENTS OF A DISTINGUISHED CITIZEN OF THIS CITY.

Called Forth by a Journey Through a Large Portion of Our Sister Republic on the South.

A prominent citizen of this city has recently returned from an extended tour of Old Mexico and has granted an interview to a Journal reporter regarding the trip. He said substantially:

We entered the republic at Nuevo Laredo on the Rio Grande river, about 850 miles northeast of the City of Mexico, and proceeded directly to that place. The capital of the republic is making rapid strides owing to the influx of capital from the United States and it bids fair to become one of the most beautiful and attractive cities in the world. Nature has done much for it in various ways; the scenery about there is superb, the climate delightful and the natural resources of the land are great.

After remaining there a short time we proceeded to Cordova by the Vera Cruz & Pacific railroad, thence to Tierra Blanca and then to Luerquin on a road extending from Santa Cruz to the Gulf of Mexico. Over the same road we went to San Geronimo, the northern terminus of the Pan American railroad; then to the southern terminus at Tonala which is a very old place. The scenery there is enchanting; it is near a range of mountains overlooking the Pacific ocean and on top of one of the mountains are the ruins of an ancient city, and from it goes a highway of granite blocks hewn perfectly. The causeway is a hundred feet wide and sixty miles long and the people about there say the ruins and the highway are older than the civilization of Egypt.

It is the most southerly point reached by a railroad in Mexico and will some day be a place of more prominence than at present. Back to San Geronimo and Santa Cruz we wended our way and had a pleasant day with Mr. Galbraith, manager of the Vera Cruz & Pacific railroad. We found him an enterprising and very agreeable gentleman and of a kind much needed down there to make the sleepy Mexicans get up and move and accomplish something. We took the Vera Cruz & Pacific road to the City of Mexico and had a sight of some of the finest scenery on the continent. As we rode along we could see in the distance the snowy summit of old Popocatepetl and the radiant form of the woman in the clouds and wondered as we gazed on them if anything could rival them in beauty and grandeur. On the way we made a short stay at the historic city of Puebla which is so rich in incidents pertaining to the history of the country and even yet we imagined we could hear the din of the bloody battle that was fought there when they were struggling for independence. Reaching the capital again we departed over the Mexican Central railroad for Aguas Calientes (hot waters), a prominent city noted for its warm springs whence it derives its name. It is there that drawn work so much admired by our ladies is principally made and at every train come the Indians with the dainty articles for sale and one is tempted to load up with it to a great extent.

Chihuahua was the next large city visited and it too was on the Mexican Central, and there we found a party led by Mr. Stillwell, a well known railroad man, who was on a tour of inspection of a road being constructed from Kansas City across the continent in a southwesterly direction to the Gulf of California. It is called the Mexican, Kansas City & Orienta railroad and enters Mexico about half way between El Paso and Laredo. It passes through a region of country not generally supplied with railroads and bids fair to open up and develop a large amount of valuable territory containing timber, tillable land and mines. It has at present no city on the Gulf of California but expects to make one by the terminus of the road, and the managers will no doubt succeed.

The Mexican government looks with much favor on the construction of railroads and is assisting this one to the extent of ten thousand dollars a mile in gold.

We followed the Mexican Central to its terminus at El Paso which we found a rapidly growing city. It has great health-giving qualities in its climate and attracts many persons with weak lungs and other ailments and many of them find wonderful relief there.

There we took the Santa Fe for Albuquerque and thence struck out for Kansas City, passing through Raton, Las Vegas and other well known places in New Mexico and elsewhere and arrived home in due time well pleased with our trip.

The enterprises of New Mexico are largely in the hands of people of the United States, Germany and England. Our country leads very largely in the matter of railroads while the others take more to mining and manufacturing. As we passed through the country we were struck by the extreme absence of anything like homes. The laborers or peons abide in the most wretched huts while the

landed proprietors have their fine residences in the center of the hacienda and live like lords. Our poor people here simply have no conception of what real poverty is. They should see the condition of the bulk of the Mexican laborers if they want to know to what straits the human race can be reduced and seem to thrive, or at least manage to get along.

The greatest praise is due President Diaz for the wonderful manner in which he has promoted the interests of his native land and some apprehension is felt regarding the future for he is growing old and cannot long retain the reins of power. In the City of Mexico we had a pleasant interview with Mr. Demuth, editor of the only railroad paper in the republic, and found him a very pleasant gentleman. Another prominent man whom we saw was a Mr. Hutchinson, who is a leader in many respects. He was the only foreigner to accompany President Diaz on a tour to Yucatan and was an intelligent, wide-awake, progressive man. A fine future is in store for Mexico if she can suitably educate her people to the right ways of living and thinking.

Mr. Charles Seymour is well known in this city, where he has been engaged in the carpenter contract business for the past seven or eight years. His brothers, Leslie and Leonard Seymour, are men well versed and thoroughly understand the business. This firm should have liberal treatment at the hands of the building public and builders, actual or prospective will find it to their advantage to consult them.

Prof. Zueblin on "The Life of the Citizen" to night at Congregational church.

BEST AND CHEAPEST.

Smith & Reeve are prepared to do your decorating this spring at unusually low prices. The fortunate purchase of Andre & Andre's immense stock of down-to-date fine wall papers enables them to give the best at the same prices you have been paying for the cheaper grades. It will certainly pay you to investigate their stock at once. They will be able to satisfy your demands, be they ever so exacting.

SENATORIAL COMMITTEE.

A meeting was held in Springfield by the following senatorial committee to organize the forty-ninth general assembly: Logan Hay, E. S. Robinson, E. M. Sullivan, J. R. Phillips and L. H. McMillan, of Sangamon county, and J. A. J. Beebe, Frank J. Freeman and F. C. McVillie, of Morgan county. They fixed the date for a senatorial convention to be held in Jacksonville in the street court room March 11 at 11 o'clock.

It is expected that Frank J. Freeman of Morgan county and C. A. Fitzer of Sangamon, will be candidates for reelection to Congress. Fitzer and Logan Hay or David Little will be candidates for nomination to the state senate.

The greatest sale ever offered the people of Jacksonville and vicinity to secure a high grade piano at a moderate price will close Saturday, March 10, at 10 p.m.

MANY ATTEND MEETING FOR

WOMEN AT TABERNACLE WEDNESDAY AFTERNOON

Dr. Culpepper Urged Women to Set Higher Standard of Morality and Bring Men Up to It—Many Attend Night Meeting

WOMEN'S MEETING

The women's meeting at the tabernacle yesterday afternoon proved a great success. It was estimated that fifteen hundred women were present, representing all the faiths of life. This was strictly a women's meeting, men had been warned to abstain from coming yet several men had the courage to show up.

Dr. Culpepper was the featured speaker. He delivered one of his most powerful addresses. His sermon was based upon that beautiful and inspiring theme in the Old Testament, where Mordecai counseled King Ahasuerus, "I am a Jew, and I will obey the law of my God."

Dr. Culpepper urged the women to set a higher standard of morality and bring men up to it. He said that the women of the world were the backbone of the nation, and that they were responsible for the moral character of the race. He urged them to be true to their God, to their husbands, and to their children. He said that the women of the world were the only ones who could bring about a better world, and that they were the only ones who could bring about a better race.

BEGIN TO USE OUR SHOES

It almost seems incredible the advances that have been made in the art of shoe making, from the primitive sandals to this season's latest models. When we stop to consider that so much depends on our feet and that two-thirds of our life is spent in our shoes, is it not important that we give them some consideration.

Hopper's pay particular attention to this very important consideration, every shoe has embodied in it some particular feature for comfort, they are selected for the particular needs of this community, they have merit, they are only from the most reliable houses. We make a particular study of your feet and make constant endeavors to satisfy your footwear wants to your entire satisfaction.

Trade where there is quantity, quality and price. That's Hopper's.

Children's Foot-Form Shaped Shoes

Put children's feet in those foot-form shaped shoes, where they have room to breathe and grow and in later years they will not have the troubles of their feet. A new arrival, the best assortment we ever offered. Ask to see them, button and lace.

INDICATIONS.

Washington, March 8.—For Illinois: Fair Thursday and Friday.

BIRTHDAY SURPRISE.

Wednesday evening Rev. James Higgins, pastor of the A. M. E. church, was very pleasantly surprised by friends and members of his congregation. The self invited guests went to the parsonage and took possession and proceeded to make themselves at home. The good pastor did not attempt to resist the intruders, but entered heartily into the occasion which was a birthday surprise. Rev. J. W. Kirk, on behalf of the friends and members, made the presentation of a beautiful Morris chair. Rev. Mr. Higgins responded in words well chosen expressing his appreciation. The evening was spent in social conversation after which refreshments were served and the guests departed wishing their pastor many more happy returns of the day.

For desirable spring street hats and ladies' novelties go to Herman's.

EXPERT WORKMEN.

Only expert workmen are employed by Smith & Reeve, West Morgan street, and their prices are more than reasonable. You should see their line of fine papers, which they are selling at less than first cost. Remember it is Smith & Reeve, West Morgan street, both phones.

Prof. Zueblin on "The Life of the Citizen" to night at Congregational church.

Chamberlain's Cough Remedy contains nothing in any way injurious and there is no danger from giving it to the smallest child. For coughs, colds and whooping cough it has no equal.

GOOD HOG SALE.

John Flynn was in the city yesterday after having sold to Cade & McAllister 135 head of hogs that averaged 296 pounds each at 6c per pound. As he bought no feed and raised all the hogs he considers it a very successful season's feeding.

This week closes some exceptional offerings in pianos at the big sale of Bruce & Co.'s, 333 West State street.

POLICE NEWS.

Oscar Berry, Mamie Berry and Bert James were arrested by Chief Davis and Capt. Kennedy for disorderly conduct.

George W. Chatterton, Sr., of Springfield, manager of the Grand opera house, was here for the Sousa concert Wednesday.

A very attractive and up to date assortment of children's and ladies' caps just received at Herman's.

HAS NOT GIVEN UP.

Jefferson City, Mo., March 7.—Attorney General Hadley declared to night he had not relinquished hope of having John D. Rockefeller subpoenaed to give testimony in the ouster case against the Standard Oil company, but that he had simply stopped the effort in that direction on promise of A. D. Eddy, attorney for the company, that the necessary evidence would be forthcoming from other sources.

NO LOCKOUT.

East St. Louis, March 7.—The Builders' Exchange to day rescinded the order issued Feb. 25, locking out 1,500 carpenters as a result of a disagreement over employment of non union hod carriers. The employers agreed to increase wages and employment of only union men.

CONVICTED OF MURDER.

Peoria, March 7.—A special to the Herald-Transcript to night says that Isaac Shelton, a young man living near Yates City, Ill., was convicted of the murder of Lena Ramp at Galesburg late to night. Shelton was on trial for the third time. Both previous juries having disagreed. The penalty was fixed at fifteen years in the penitentiary. Lena Ramp died after a criminal operation over a year ago. Dr. John Cole of Williamsfield and Mrs. Carroll of the same place have been tried for implication in the crime. The woman was acquitted and Cole is now facing a third trial.

HELD UP STREET CAR.

Omaha, Neb., March 8.—Three white men held up a street car at Albright, a suburb of South Omaha, shortly after midnight. Conductor Flores resisted and one of the men shot him twice, inflicting probably fatal wounds. The robbers fled without securing any money.

JUSTICE TO RETIRE.

Washington, March 7.—Associate Justice Henry Billings Brown, of the United States supreme court, intends to retire from the bench and has so notified President Roosevelt. The president offered to appoint Senator Knox of Pennsylvania to the vacancy, but the latter declined.

CHOSEN TRUSTEE.

Springfield, Ill., March 7.—Thomas J. Clark, of Quincy, to day was appointed trustee of the Southern Hospital for the Insane at Chester.

FARMERS' EXCHANGE.

Minneapolis, Minn., March 7.—An extension to include both the Dakotas and northern Iowa, western Wisconsin and northeastern Nebraska, and an extensive addition to its elevator properties will probably be arranged during the meeting of the Minnesota Farmers' exchange, which opened in this city to day.

PECULIAR ACCIDENT.

Virginia—Elton Simmons was accidentally shot by his brother, Alderman Ben Simmons, while the latter was showing him a revolver which he supposed was not loaded. Simmons had been shooting cats with the weapon and had brought it to the hardware store of A. C. Simmons to trade it for a new revolver and was showing it to his brother. The hammer, in some manner, struck the counter and exploded the cartridge, the bullet striking Elton Simmons in the hip, glancing downward. The injured man lost much blood and was too weak on the arrival of a physician to have the bullet probed for. The greatest danger is from blood poisoning. The injured man has a wife and three children and has been in business with his father for several years.

SHOT HIMSELF.

Waterloo—Charles Metzger, justice of the peace at Waterloo, Ill., who has performed marriage ceremonies for many couples from St. Louis and other cities, is dead. He committed suicide Monday by shooting himself in the head.

ACCEPTS COIL WARNER'S OFFER.

Clinton—The city council voted Monday night to accept the proposition made by Vespasian Warner in regard to a public library. Mr. Warner offers to give a lot and a \$10,000 fire-proof building. In the deed will be a clause that if any time the city fails to maintain the library the property shall revert to the Warner estate. It will be named the Vespasian Warner public library. All persons giving \$50 in money or in books will have their names inscribed on a tablet to be placed in the building. The library will be erected on the corner lot just south of the Washington school.

HUNT FOR JAIL BREAKERS.

Alton—Madison and St. Clair county officials are hunting for Geo. Hart and Fred Carpenter, negroes, who escaped from the Alton jail after attacking Jacob Maguire with the butt of a revolver which had been smuggled to them. Chief of police Maxwell has ordered an investigation at the jail into the manner in which the men were permitted to obtain their weapons. Although both the negroes are powerful men, Maguire fought fiercely for the jail keys which he held in his hand, until one of the prisoners knocked him senseless to the floor. After getting the key the negroes unlocked the door leading to Second street and escaped.

FOUND DEAD.

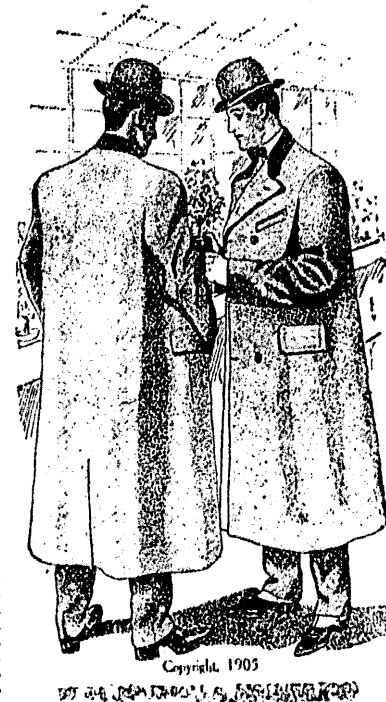

Pana—Mourning over the death of his wife, Ignace Urisk, came across the continent to end his life on her grave. Urisk, a coal miner, was found dead in the Mound cemetery this afternoon with a bullet hole in his head. Just a year ago his wife died. Grief drove him insane and he was taken to the asylum at Jacksonville. He was later discharged as cured and went to Walla Walla. Recently he returned to Pana and made daily visits to the cemetery. He had been dead twenty-four hours when found. Urisk was an Austrian and 45 years old.
